YESHIVAT KEREM B'YAVNEH

FORTIFIED BEIT MIDRASH & MULTI-PURPOSE LEARNING CENTER

BUILDING PLANS | 2025/5785

BACKGROUND

Yeshivat Kerem B'Yavneh recently celebrated its 70th year producing thousands of students who combine serious Torah learning with Avodat Hashem and Derech Eretz. The Yeshiva has raised spiritual leaders in Israel and all over the world as well as alumni who contribute in all professional fields.

The Yeshiva continues to strive in its mission to raise generations of Talmidei Chachamim who are connected to the Jewish people - the legacy of Kerem B'Yavneh.

The threat of missiles and other modes of warfare during this current period requires fortified buildings that can comfortably enable learning to continue for long periods of time. This is critical to prevent disruptions in learning during emergencies. Our current buildings do not suffice for the present reality. This project will serve as a solution to the current security situation. Additionally, it will provide much needed classroom and auditorium space for learning and Yeshiva programming.

PROJECT DESCRIPTION

MULTI-PURPOSE LEARNING CENTER CONTAINING A FORTIFIED BEIT MIDRASH, AUDITORIUMS, AND CLASSROOMS

During emergencies, the building will serve as a Beit Midrash where learning can continue uninterrupted despite missile attacks.

as well as the yeshiva's wide range of activities, which include:

- ◆ Daily Torah shiurim for the yeshiva's students
- ◆ Torah conventions
- ◆ Learning days
- ◆ Beit Midrash for retirees and alumni
- ◆ Community activities
- And more...

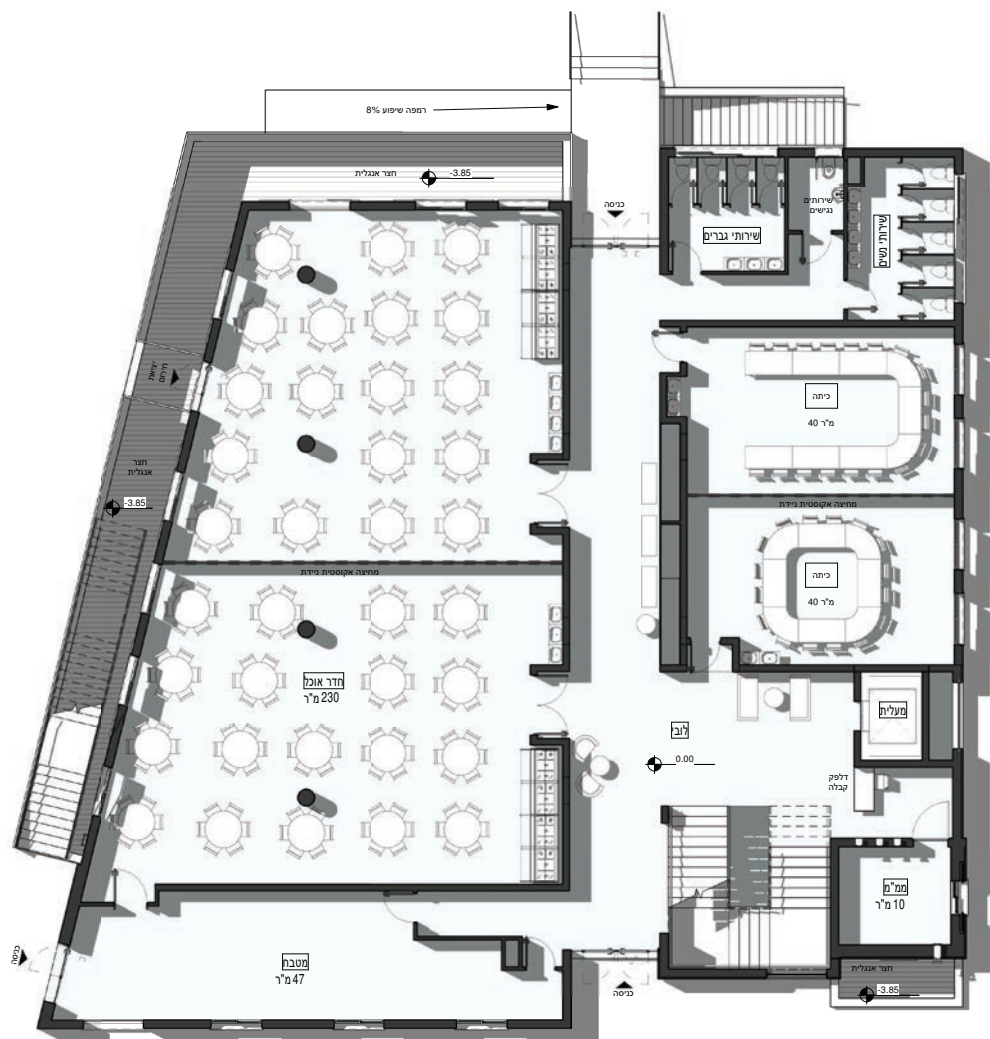

On the following pages we will present the components of the building, which include:

- ◆ The Fortified Beit Midrash
- ◆ Dining / Activity Hall
- ◆ Kitchen
- ◆ 7 Classrooms
- ◆ Succah Balcony
